NOTICE INVITING EXPRESSION OF INTEREST

The Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata on behalf of the President of India invites **Expression of Interest (EOI) in dual bids** from eligible Firms/Agencies/Organisations for preparation of detailed maps pertaining to preparation of heritage bye laws of centrally protected monuments situated in West Bengal and Sikkim. The detailed parameters for preparation of site plan/map of the monument is available in the departmental website **www.asi.nic.in** & **www.asikolkata.in**; the rate should be quoted for the work as per **Acre**. The EOI along with the quoted rate, registration certificate and experience certificate (if any) of the firm/agency should be submitted to **the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, CGO Complex, 4th Floor, Block – DF, Section – 1, Salt Lake City, Kolkata – 700064 by 14.00 hrs. on 10.01.2017**. The undersigned reserves the right to reject or accept any/all the EOI without assigning any reasons whatsoever and Kolkata Circle takes no responsibility for the delay, loss or non receipt of any submission or letter sent by post within the prescribed period.

(Santanu Maiti)
Superintending Archaeologist

Parameters for preparation of Site Plan

While preparing a site plan for the protected area, the prohibited and regulated areas, the following parameters shall be adhered to and incorporated.

(a) protected area, protected monument, prohibited area or regulated area

Parameters:

- (i) Contouring (1 metre interval) is preferable. However, it can vary depending on nature of landscape. If it is hilly terrain with cliffs, then contour intervals can be increased. If the landscape is plain, then it can be reduced to 0.5 metre.
- (ii) Fixing of bench mark and survey points on the ground and map;
- (iii) Protected area needs to be mapped in such a manner that property and feature within the area can easily be identified. Therefore the area shall be required to be grided both on map and ground. Grid can be of 50 x 50 metres;
- (iv) Mapping of structures on plan;
- (v) Other features like tank, embankment, mud fortification, remnants of ancient structures etc should be shown;
- (vi) Roads and pathways;
- (vii) Garden area;
- (viii) Trees (with an inventory- tree type, width and height);
- (ix) Telephone Lines
- (x) Sewerage Lines
- (xi) Water supply lines, etc.
- (xii) Contouring / Relative height of certain areas.
- (xiii) Ground Penetrating Radar survey determining the buried, archaeological remains.
- (xiv) Any other feature that is required to be incorporated in consultation with the competent authority;

Note: Except point number (xiii) above
