----	-----------------	-----------

Dear Sir,

The Archaeological Survey of India invites online Bids in the prescribed form under the Two Bid system i.e. Technical Bid and Financial Bid for Execution of the work for “MW (Conservation) to Up-gradation of Tourist Amenities (under 75 nos. Monument Project) at Nanda Lal Temple at Bishnupur, Bankura, 2022-2023”

1. The system of e-tendering shall be adopted, comprising of Technical Bid and the Financial Bid. Document Download: Tender documents may be downloaded from CPPP site <https://eprocure.gov.in/eprocure/app> and www.asikolkata.in as per the schedule as given in CRITICAL DATE SHEET.

Technical Bid should, inter alia, contain all technical details of services and solutions to be provided along with such documentary proofs. Financial Bid should, inter alia, indicate item-wise price and other commercial/financial terms against the items mentioned in the Technical Bid.

2. Bid Submission:

Applicants/intending or interested Bidders are invited to submit their proposal after carefully reading the Request for Proposal (RFP) by providing (a) Technical Bid, and (b) Financial Bid. Such proposals are to be submitted within the stipulated date and time as mentioned in the Bid document as given in CRITICAL DATE SHEET.

Bids shall be submitted online only at CPPP website: <https://eprocure.gov.in/eprocure/app> Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.

3. Earnest Money Deposit:

The Hard Copy of original instruments in respect of cost of earnest money (EMD) must be delivered to the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle prior to the Bid opening date as mentioned in critical date sheet. Tenderer shall likely to be liable for legal action for non-submission of original payment instrument like DD etc. against the submitted Bid.

The offer without EMD will be rejected summarily. EMD is to be supplied by all the bidders except those who are registered with Central Purchase Organization, National Small Industries Corporation (NSIC) or Ministry of Culture.

Tender inviting authority: Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata.

4. The Tender Amount is: Rs. 17,05,980/- (Rupees Seventeen lakhs five thousand nine hundred & eighty only.
5. Time period for the work/supply shall be 60 days from the signing of the agreement papers.

Address for communication, are as given below:-

SCOPE OF WORK AND GENERAL INSTRUCTIONS FOR TENDERERS

Online Open E-Tender on behalf of the President of India, are invited under Two Bid System i.e. Technical Bid and Financial Bid from reputed, experienced and financially sound Govt. Contractors/ /Firms/Agencies who have past experience in conservation work of Ancient Archaeological Monuments /Sites as per the Tender Documents for Execution of the work for “MW (Conservation) to Up-gradation of Tourist Amenities (under 75 nos. Monument Project) at Nanda Lal Temple at Bishnupur, Bankura, 2022-2023”

1. The tendering Contractors/ Firms/Agencies are required to enclose self attested copies photocopies of the following documents along with the Technical Bid, failing which their bids shall be summarily/ out-rightly rejected and will not be considered any further:-
 - a. Copies of the valid Registration Certificate from the Central/State Government authority of the Contractors/Firms/Agencies.
 - b. Copy of PAN card of the Contractors/Firms/Agencies.
 - c. Copy of Income Tax return filed for the last 03 (three) financial years (i.e. 2019-20, 2020-21, 2021-22) along with certificates of annual turnover for that period from Statutory Auditor as per the attached Annexure I. (If 2021-22 is not filed due to any reasons please indicate the same and I.T. Return for financial year 2018-19 will be taken into consideration.)
 - d. Copies of the GST registration certificate along with copy of last filed GST (current /previous financial year).
 - e. Declarations (to be submitted in Company’s letter head as per the format attached)
 1. Declaration on Blacklisting. (2) Declaration on E.M.D. submission
 - f. Copies of past experience certificates (both- Work order & Completion/Pay certificate) in conservation work of Ancient Archaeological Monuments/Sites as per the attached Annexure I
 - g. Tender Acceptance Letter as per format attached in the letter head of Contractors/Firms/Agencies.
 - h. Copies of Labour Registration certificate along with EPF an ESI registration certificate of the Contractors/Firms/Agencies (In-case of execution work/supply of manpower only).
2. The rate for complete work should be quoted in figures and words including GST and all taxes/other charges as applicable.
3. The Contractors/Suppliers/Firms/Agencies will be permitted to attend at the time of tender opening.
4. If the date of opening of the tender happens to be a holiday, the tender will be opened on the next working day.
5. The right of acceptance of a tender will with the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle who does not bind himself/herself to accept the lower tender and reserves to himself/herself the authority to reject any or all the tenders without assigning any reason. All tenders in which any of the prescribed conditions are not fulfilled or are incomplete in any respect are liable to be rejected.
6. Contractor may visit the working site prior to rate tendering if required.
7. The work to be executed and deduction of voids will be as per CPWD specifications, IS code and as per Archaeological Survey of India specification.
8. Water arrangement/Scaffolding/Electrical connection/T&P articles will be managed by the contractor.

9. The quantity/item of work can be increased/ decreased as per site requirements.
10. Before execution of work contractor must sign the agreement in this office.
11. The materials pertaining to this work should be checked by the competent officer.
12. **Security Deposit –3%**

(*As per the latest order of Govt. of India, S.D. to be submitted @3% of the total work order amount in the form of TDR/FDR of any Scheduled Bank and to be pleaded in favour of Superintending Archaeologist, ASI, Kolkata Circle)

13. The ASI reserves the right to amend or withdraw any of the terms and conditions contained in the Tender Documents or to reject any or all tenders without giving any notice or assigning any reason. The decision of the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata in this regard shall be final and binding on all parties in all circumstances.
14. **Conditional bids shall not be considered and will be out rightly rejected in the very first instance.**
15. Contractor will be responsible for timely payment to the labour and statutory authorities and compliance of all statutory provisions relating to minimum wages/specified contract amount etc. in respect of the person deployed by him in the work prevailing thereon.
16. The Contractor shall also be liable for depositing all tax, levies, cess etc on amount of work done/ supply of materials/ service rendered by him to the ASI to the concerned tax collection authorities from time to time as per existing rules and regulations on the matter.
17. Whenever the rates quoted by the contractor in figures and in words tally but the amount is not worked out correctly, the rate quoted by the contractor will be taken as correct and not the amount.
18. The total cost quoted by the bidders shall be worked out for deciding the lowest bidder for acceptance of tender.
19. **The rate quoted should include all taxes / GST and other charges etc. ASI will not entertain any claim whatsoever in this regard.**
20. In case contractor's signature on tender is fixed in an Indian Language, the rate/ amount/ percentage above or below should also be written in the same language. In the case of illiterate contractors the rates/percentage should be attested by a witness.
21. The discretion of acceptance of tender, will rest with the Circle Officer/Regional Director/Director General, A.S.I who does not bind himself to accept the lowest tender and reserve to himself the authority to reject any or all of the tenders received, without the assigning any reason. Any tender, in which any of the prescribed conditions are not fulfilled or are incomplete in any respect is liable to be rejected.
22. The contractor shall not be permitted to tender for works in the Archaeological Survey of India, Circle/Branch Office (Responsible for award and execution of contracts) in which his near relative is posted as an officer in any capacity.
23. No. Engineer of Gazatted rank or other Gazatted Officer employed in Engineering or Administrative duties in an Engineering Department of the Government of India is allowed to work as a contractor for a period of two years of his retirement from Government service, without the prior permission of the Government of India as aforesaid before submission of the tender or engagement in the contractor's service.
24. The tender of the work shall not be signed as an witness by a contractor or contractors who himself/themselves is/are also submitting Tender/bid for the same work.
25. The successful contracting Company/Firm/Agency shall not be allowed to transfer, assign, pledge or sub contract its right and liabilities under this contract at any time of the contract period.

EVALUTION CRITERIA:

1. The bidder who fulfils Technical Eligibility Requirement mentioned under Technical Eligibility Requirement shall be declared technically qualified and financial bid in respect of only technically qualified bidder shall be opened.

2. The bidder who quotes lowest rates for the work in financial bid will be declared L1.
3. In case of tie in lowest rate, the Contractors/Suppliers/Firms/Agencies who have submitted certificates (both – work order and completion certificates) of more completed work in last 3 years shall be declared L1. Copies of Work Order and completion certificate from employer shall be provided along with Technical Bid.
4. The work shall be awarded to L1 bidder.

Instructions for online Bid Submission

The Bidders are required to submit soft copies of their Bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the Bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their Bids online on the CPP Portal.

More information useful for submitting online Bids on the CPP Portal may be obtained at: <https://eprocure.gov.in/eprocure/app>.

REGISTRATION

1. Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal ([URL:http://eprocure.gov.in/eprocure/app](http://eprocure.gov.in/eprocure/app)) by clicking on the link “**Online Bidder Enrolment**” on the CPP Portal which is free of charge.
2. As part of the enrolment process, the Bidders will be required to choose a unique username and assign a password for their accounts.
3. Bidders are advised to registration process. These would be used for any communication from the CPP Portal.
4. Upon enrolment, the Bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify/ NCode/ EMudhra etc.), with their Profile.
5. Only one valid DSC should be registered by a Bidder. Please note that the Bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
6. Bidder then logs in to the site through the secured log-in by entering their user ID/Password and the password of the DSC / e-Token.

SEARCHING FOR TENDER DOCUMENTS

1. There are various search options built in the CPP Portal, to facilitate Bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, where in the Bidders may combine a number of search parameters such as organization Name, Form of Contract, Location, Date, other keywords etc. to search for a tender published on the CPP Portal.
2. Once the Bidders have selected the tenders they are interested in they may download the required documents / tender schedules. These tenders can be moved to the respective ‘ My Tender’ folder. This would enable the CPP Portal to intimate the Bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
3. The Bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

1. Bidder should take into account any corrigendum published on the tender document before submitting their Bids.

2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the Bid. Please note the number of covers in which the bid document – including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the Bid.
3. Bidder, in advance, should get ready the Id documents to be submitted as indicated in the tender document/ schedule and generally, they can be in PDF / XLS / RAR / DWF / JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every Bid, a provision of uploading such standard documents (e.g. PAN card copy, etc.) has been provided to the Bidders. Bidders can use “My Space” of “Other Important Documents” are available to them to upload such documents. These documents may be directly submitted from the “My Space” area while submitting a Bid, and need not be uploaded again and again. This will lead to a reduction in the time required for Bid submission process.

SUBMISSION OF BIDS

1. Bidder should log into the site well in advance for bid submission so that they can upload the Bid in time i.e. on or before the Bid submission time Bidder will be responsible for any delay due to other issues.
2. The Bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
3. Bidder has to select the payment option as “offline” to pay the tender fee / EMD as applicable and enter details of the instrument.
4. Bidder should prepare the EMD as per the instruction specified in the tender documents. The original should be posted/couriered/given in person to the concerned official, latest by the last date of Bid submission or as specified in the tender documents. The details of the DD/ any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during Bid submission time. Otherwise the uploaded bid will be rejected.
5. Bidders are requested to note that they should necessarily submit their financial Bid in the format provided and no other format is acceptable. If the price Bid has been given as a standard BOQ format with the tender document, then the same is to be download the BOQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the Bidder). No other cells should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the Bidder, the Bid will be rejected.
6. The server time (which is displayed on the Bidders’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the Bids by the Bidders, opening of Bids etc. The Bidders should follow this time during Bid submission.
7. All the documents being submitted by the Bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of Bid opening. The confidentiality of the Bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any Bid document that is uploaded to the server is subjected to symmetric encryption using a system

generated symmetric key. Further this key is subjected to a symmetric encryption using buyers/Bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized Bid openers.

8. The uploaded tender documents become readable only after the tender opening by the authorized Bid openers.
9. Upon the successful and timely submission of Bids (i.e after Clicking "Freeze Bid Submission" in the portal), the portal will give a successful Bid submission message & a Bid summary will be displayed with the Bid no. and the date & time of submission of the Bid with all other relevant details.
10. The Bid summary has to be printed and kept as an acknowledgement of the submission of the Bid. This acknowledgement may be used as an entry pass for any Bid opening meetings.

ASSISTANCE TO BIDDERS

1. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.

Any queries relating to the process of online Bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk Number:0120- 4200462, 0120- 4001002.

2.	2.	Demolishing lime concrete manually/ by mechanical means and disposal of material within 50 metres lead as per direction of Engineer in-charge.	22.25	M2
3.	3.	"Earth work in surface excavation not exceeding 30 cm in depth but exceeding 1.5 m in width as well as 10 sqm on plan including getting out and disposal of excavated earth upto 50 m and lift upto 1.5 m, as directed by Engineer-in- Charge. All kinds of soil"	160.95	M2
4.	4.	Supplying and filling in plinth with sand under floors,	21.93	M3

		including watering, ramming, consolidating and dressing complete.		
5.	5.	Brick on edge flooring with first class bricks on a bed of 12 mm cement mortar, with common burnt clay non modular bricks:1:4 (1 cement : 4 coarse sand)	168.35	M2
6.	6.	Pointing on pathway with Lime -Cement - Surki mortar for including removing mortar/ dust from joints and filling with same mortar finishing properly as per instruction of site-in - Charge.	158.16	M2
7.	7.	Providing and laying in position cement concrete of specified grade excluding the cost of centering and shuttering - All work up to plinth level : 1:2:4 (1 cement : 2 coarse sand (zone-III) derived from natural sources : 4 graded stone aggregate 20 mm nominal size derived from natural sources)	19.47	M3
8.	8.	Removing old paint from blistered painted surface of MS grill by chipping including scrapping and cleaning & exposing original surface.	213.18	M2
9.	9.	Applying priming coat: With ready mixed red oxide zinc chromate primer of approved brand and manufacture on steel galvanised iron/ steel works.	213.18	M2
10.	10.	Painting with synthetic enamel paint of approved brand and manufacture to give an even shade. (Two or more coats on new work)	213.18	M2
11.	11.	Providing lightning arrestor system with necessary ESE, Supporting Mast, Lightning Arrestor, earthing, installation charges etc. to the sikhara of the Temple (Main Temple) all lead & lift etc. complete. (Satisfactory installation & test report to be submitted by an authorised agency)	-	-
12.	11. a	Air Terminal: Early Streamer Emission type ESE60 Air Terminal -comprised of separate electrically isolated dual copper panels surrounding an Earthened Central brass Finial. Both panels and central finial should be coated with chrome for environmental protection. The upper section of the central finial shall be rated to withstand 200KA and it should be made up of solid rod and its length should be more than 75mm above the surrounding panels. The insulation material used to electrically isolate	1	Each

		<p>the panels shall be comprised of base polymer which provides high UV resistance with a dielectric strength of 24-38KV/mm & ESE terminal shall withstand a minimum Switching Impulse Voltage of 500KV. Its adapter should be made up of non-conductive material, which should provide Good abrasion resistance, Good mechanical strength, Pretty good heat resistance, Good electrical and dielectric properties, Low water absorption. Terminal performance should be tested in NFC accredited lab after 2011 as per amendment in NFC 17-102:2011 also its impulse current withstand should be carried out in CPRI for 40KA impulse current .Terminal should be non electronic and does not require any battery backup or power supply for the operation. Main Check List: (i) Dual trust design using dual Copper Panel, (ii) Central finial of solid Brass rod, (iii) Chrome plating on dual copper panels & brass finial for additional protection, (iv) Termination adapter made up of non conductive material delrin, (v) No need of external power supply & Non Electronic, (vi) Tested as per NFC 17- 102:2011 in European accredited laboratory, (vii) Tested in CPRI for 40KA impulse withstand test, (viii) Warranty of 5 years.</p>		
13	11. b	<p>Supporting Mast: The mounting pole used to support the lightning air terminal shall either be a supporting mast or free standing mast at an ideal height of 03metres above to be area protected or as per required level of protection. If any height restrictions are there then min. height should be 02metres but radius of protection may change according to height. The mounting pole and supports shall be securely fixed with brackets and guy wires where required to withstand maximum locally recorded wind velocity. Mounting Pole shall be non-corrosive and made up of medium class GI pipe of 2"dia having base plate at bottom for securely fixing on roof top. Also PVC insulated GI wire rope should be used for guying purpose. The down conductor shall pass through the centre of the pole for the entire length of the pole and it will be out at bottom of the pole. All the mounting accessories should be non corrosive and made up of SS. Model: Supporting Guyed Mast: 03 Mtr x 2" dia with base plate, guying kit and mounting accessories.</p>	1	Each
14	11. c	<p>Lightning strike Recorder (LSR): LSR should be in non electronic and non- esetable type having 07 digits Display and enclosed in an IP 67 enclosure with minimum sensitivity of 1000A & maximum capacity of 220KVA tested on 8/20 microsec wave form as pee IEC 60-1:1989. It should be non electronic type and does not require external power supply for the working.</p>	1	Each

15	d	Supply of 70Sqmm cross section down conductor of single core flexible Copper cable made of min. 990Nos copper strands of 03mm dia and having PVC insulation of min. 03mm thickness and overall dia of 16mm. It should be fixed using SS/GI saddles & fixtures every 0.50metre. Model: Single Core flexible Copper Cable 70Sqmm with SS saddles.	40	RMT
16	e	Laying of one number PVC insulated and PVC sheathed / XLPE power cable of 1.1 KV grade of following size direct in ground including excavation and refilling the trench etc as required, but excluding sand cushioning and protective covering.	40	RMT
17	f	Maintenance free Safe Earthing Electrodes CPRI Certified with copper bonded pipe of 60mm dia as secondary electrode of wall thickness 3.50mm and the primary arthing Electrode will be 32mm X 6mm X 1nos Copper strip filled with a highly conductive & noncorrosive compound in between the primary Earthing and the secondary Earthing, the surface area in mm will be 5,65,200 for 03mtrs.length and Cross Sectional Primary conducting area is 192 sq.mm And solid Copper base plate seals the unit at the bottom. (MES-GFC ground Filling compound to be provided in 25 kgs Bags.)	3	Each
18	g	Ground Filling Compound filled surrounding to earthing electrode. It should absorb the moisture from surrounding area and it should be non corrosive in nature. It should maintain the constant ohmic value for long life. It should be supplied in packing of 25kgs bag (02Bags required for each earthing electrode.)	6	Each
19	h	Installation cost of total lightning protection system for (i) Mounting Lightning terminal on the Mast, (ii) Fixing the Mast on the top of roof, (iii) Lying the down conductor from the terminal to earth point, (iv) Clipping of cables in the building wall, (v) Making 2 Nos. of 10 ft. earth installation, (vi) Pouring of Chemicals with Earthing pipe into the hole, (vii) Lying of copper cable to connect the earth pit.	Whole job	L.S.
20	12.	Clearing jungle of surrounding area of the monument up to 10 m from boundary including uprooting of rank vegetation, grass, brush wood, trees and saplings of girth up to 30 cm measured at a height of 1 m above ground level and removal of rubbish up to a distance of 50 m outside the periphery of the area cleared.	120.0	LS

21	13.	Providing and fixing red sand stone benches, rest top size (1.55m x 0.65m x 0.09m) & height 0.60m including fixing 4 no legs size (0.25m x 0.25m) in arch shape.	2.0	Each
22	14.	Providing red sand stone Dustbin of 0.8 m height and 0.45 m internal dia including cutting, polishing, finishing & carriage to site all complete.	2.0	Each
23	15.	Providing and fixing red sand stone cultural notice board in english and Hindi size (1.10x0.75x0.10) in between red sand stone pillar 0.30 dia and height 1.40m including graphic work on red sand surface.	1.0	Each
24	16.	Brick work with common burnt clay F.P.S. (non modular) bricks of class designation 7.5 in foundation and plinth in: Cement mortar 1:4 (1 cement : 4 coarse sand)	4.02	M3
25	17.	Providing and fixing red sand stone made Braille cultural notice board in english and Hindi size (1.10x0.75x0.10) in between red sand stone pillar 0.30 dia and height 1.40m including graphic work on red sand surface. Write up for braille should be made of steel bord & fixing over top stone all complete as per direction of site-in-charge.	1.0	Each
26	18.	Supplying of 18 gauge (600mm X 750 mm), stainless steel sheet (304 grade) for pasting necessary write up of retro reflective type for cantilever direction board, fabricated with 25 mm hollow steel square bar border in all sides and hanging with cantilever 50 mm dia steel pipe stand of 3300 mm height including fixing 300 mm in ground with necessary cement concrete (1:2:4) in pits, top surface shaping to proper square base complete with plaster as per direction of site-in-charge.	1.0	Each
27	19.	Disposal of building rubbish / malba / similar unserviceable, dismantled or waste materials by mechanical means, including loading, transporting, unloading to approved municipal dumping ground or as approved by Engineer-in-charge, beyond 50 m initial lead, for all leads including all lifts involved.	121.43	M3
28	20.	Lime terracing on roof with lime concrete(2:2:7) (2 lime putty / paste : 2 surki : 7 brick khoa) laid to proper slope, thoroughly beaten and cured including top finishing, providing ghoondies at junction with parapet etc., shaping and finishing at mouths of rain water pipes, complete as per direction.	16.92	M3

29	21.	Lime processing/motar preparation chamber & platforms (8'X8') with cement & bricks. Plaster and a net Cement punning inside of Chamber including dismantling & removing of rubbish with in a lead of 50 meter.	Whole Job	LS
30	22.	Erection and dismantling of single scaffolding system around the monument upto 15 metre height, above ground level as per requirement of site, made with bamboo, placed 1.5 metre centre to centre, horizontal and vertical joint with bamboo, coir string and provision for working platform also as per requirement in the scaffolding etc. and maintaining in serviceable condition for execution of conservation works and removing thereafter. The scaffolding shall be stiffened with bracings, runners, connecting with building etc. wherever required, if feasible ,for inspection of work at required locations with essential safety features for the workmen including cost of materials, labours and Tools & Plants etc. complete as per direction of site-engineer	220.9	M2
31	23.	Supplying, fitting ,Fixing of Steel sheet Direction board with the frame, made of 50mm dia steel pipe frame , and border in all direction with 25 mm steel pipe. write up should be engraved /etching in Steel Sheet. Fixing in ground with necessary cement concrete (1:2:4)& brick work all complete including all charges .	1.0	Each
32	25.	Supplying of portable Stand for QR Code fixing at site made with stainless Steel pipe and Plate at top & bottom, as per approved design and specification , all complete Including all other charges.	1.0	Each

OPEN TENDER NOTICE

Online E-Tender on behalf of the President of India, are invited under Two Bid System i.e. Technical Bid and Financial Bid from reputed, experienced and financially sound Govt. Contractors/Firms/Agencies who have past experience in conservation work of Ancient Archaeological Monuments/Sites as per the tender documents for Execution of the work “MW (Conservation) to Up-gradation of Tourist Amenities (under 75 nos. Monument Project) at Nanda Lal Temple at Bishnupur, Bankura, 2022-2023”

1. The time period for execution of the work is 60 days from the date of signing of the Agreement papers.
2. Complete Tender Document can be downloaded from the website of CPPP & of this Department (<https://eprocure.gov.in/eprocure/app> and www.asikolkata.in).
3. Interested contractors/suppliers/Firms/Agencies may submit their online proposal complete in all respects within the stipulated date and time as mentioned in the Tender documents as given in CRITICAL DATE SHEET. Bids shall be submitted online only at CPPP website <https://eprocure.gov.in/eprocure/app>.
4. Hard copy of a Demand Draft (scheduled bank) (issued after publication of NIT) as the Earnest Money Deposit (EMD) Rs.43,000/- (Rupees Forty three thousand only) in favour of “Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata” to be submitted to the Office of the Superintending Archaeologist, Archaeological Survey of India, Kolkata Circle, Kolkata, C.G.O. Complex, 4th Floor, Block-DF, Sector-1, Salt Lake City, Kolkata-700064 prior to the opening date of the tender. The bid without EMD will be summarily rejected. EMD is to be supplied by all the bidders except those who are registered with Central Purchase Organization, National Small Industries Corporation (NSIC) or Ministry of Culture.
5. No tender shall be entertained after the deadline under any circumstances what so ever. The Technical Bid of tender will be opened at this office on 23.05.2022 at 11.30 hrs. at Archaeological Survey of India Kolkata Circle, C.G.O. Complex, 4th Floor, Block DF, Section- I, Salt Lake City, Kolkata - 700064 in the presence of authorized representative of Bidders as may wish to be personally present.

The ASI reserves the right to amend or withdraw any of the terms and conditions contained in the Tender Document or to reject any or all tenders without giving any notice or assigning any reason. The decision of the Superintending Archaeologist, ASI, Kolkata Circle in this regard shall be final and binding on all parties in all circumstances.
